Available on a range of platforms:
www.fluidraconnect.com

You can remotely
control, diagnose and manage your swimming pool thanks to

The Cloud

BENEFITS

FOR THE SWIMMING POOL PROFESSIONAL

New business opportunities
through remote
management.

Expand your business professionally,
easily and with minimum investment.
A new approach to the swimming
pool business.

Greater profits - More benefits

Fluidra Connect eliminates the need
to make unnecessary journeys for
diagnosing problems. You can manage
swimming pools remotely and increase
the number of pools you can monitor.

More satisfied
customers

Improve customer service by
directly reducing maintenance costs
and increasing efficiency for
diagnosing problems with
equipment and water quality.

more satisfied expansion new customers
